Singapore, 7 April 2026 – Keppel Infrastructure Fund Management Pte Ltd (KIFM), as Trustee-Manager of Keppel Infrastructure Trust (KIT), is pleased to announce, as part of the Board’s renewal, the appointment of Mr Khor Poh Hwa (许保华), 76, as Chairman of the Board. He will succeed Mr Daniel Cuthbert Ee Hock Huat (余福发), 73, who will be retiring following the conclusion of the annual general meeting of KIT to be held on 29 April 2026.

Mr Khor is currently an Independent Director and a member of the Nominating and Remuneration Committee and Investment Committee of the Trustee-Manager. Mr Khor was also the first Chairman of KIFM from 2010 to 2015.

Mr Khor Poh Hwa said, “On behalf of the Board, I would like to thank Daniel for his wise counsel and invaluable contributions to KIT. Under Daniel’s leadership, KIT advanced its value creation and asset recycling strategies to deliver sustainable returns to Unitholders. Since the combination of Keppel Infrastructure Trust and CitySpring Infrastructure Trust in 2015, KIT has delivered a total Unitholder return of 96%. I look forward to working closely with the Board and management to further KIT’s growth and strategic priorities.”

Mr Daniel Ee said, “It has been a privilege to serve as an independent director since 2015, then as Chairman of the Board since 2021. This has been an exciting time for the Trust as it has been growing in scale to deliver value to Unitholders. I am confident that under Poh Hwa’s leadership and with his deep experience in infrastructure projects, KIT will continue to deliver sustainable growth and value to Unitholders.”

Mr Khor spent 23 years with the Public Works Department (PWD), Singapore where he held various engineering posts related to road and transportation projects, building, and airport development. He was seconded to the China-Singapore Suzhou Industrial Park from 1995 to 1997 as the Deputy CEO of the Suzhou Industrial Park Development Co. Mr Khor had previously also served on the boards of various Keppel entities and was an advisor for township and infrastructure development at Keppel.

Given KIT’s diverse operational portfolio, Mr Khor’s knowledge and track record put him in good stead to effectively steer the Board of KIFM as it navigates a complex environment.

He holds a Bachelor of Engineering (Civil) from the then University of Singapore in 1975, and a Master of Science (Civil Engineering) from the National University of Singapore.
